MARKET QUOTATIONS.

REPORTS FROM ALL GREAT BUSINESS CENTRES OF THE WORLD.

Prices of Money, Bonds, Stocks, Grain, Tobacco, Cotton, etc., and the Weather Indications.

WASHINGTON, D. C., August 29.—Forecast for Virginia: Northerly winds; fair to clear. For North Carolina: Variable winds, southerly on the coast; fair weather.

NEW YORK, August 29.—The tendency of affairs at the Stock Exchange today was in the direction of improvement, but much early in the day as toward the close, for the reason that in the early trading the bulls offered little opposition to the manipulation for lower prices. The bears made several raids on the list and depressed the market 1-1/2 to 1 per cent. Last night's closing, Sugar, General Electric and Chicago Gas leading. While the selling for local account was in progress, however, banking houses with foreign connections were liberal buyers, and London alone purchased upwards of 50,000 shares, according to reliable estimates. This absorption, however, did not prevent a decline with considerable vigor and the day advanced, and between 1 and 3 o'clock sharp advances were recorded all along the line. Those who sold short during the morning found the work of covering exceedingly difficult.

In addition to the inquiry from this source there was a brisk demand for the stock of yesterday, but the market was positively buoyant. The improvement was due chiefly to the heavy vote in the House yesterday in favor of the conditional repeal of the Sherman silver law, which opened a very favorable influence abroad. The advance in the active list was equal to 1-2 to 3-4 per cent. The later in Sugar, which sold with a fraction of 32. All the other Industrials were prominent, although the rise in Chicago Gas was checked by rumors that the Fidelity Trust Co. of Philadelphia, would refuse to pay the scrip dividend just declared by the Chicago Gas Company. Among the buyers, the Grangers, Lake Shore, Erie, Lackawanna, and Chicago and Eastern Illinois preferred, scored the greatest success.
